

PROGRAM AT A GLANCE | 日程概覽:

Part A

Training Workshop:

Practical Obstetric Multi-Professional Training (PROMPT)

Thursday, 6/9/2012 (0930 - 1730) - Center of Medical Professional Development, MUST

培訓班:

英國皇家婦產學會產科急救課程培訓班: 星期四, 9月6日 (0930 - 1730)

澳門科技大學專科醫療訓練中心

Part B

Dinner Symposium:

Friday, 7/9 (1830 - 2200) - Ballroom, 2/F, Grand Lapa Hotel

學術晚會:

星期五, 9月7日 (1830 - 2200) - 澳門金麗華酒店二樓宴會廳

1850-1900	Opening Speech 歡迎詞 - Dr. Manson Fok 霍文遜醫生 Chairpersons 主持: Prof. Maurice Leung 梁平教授 & Dr. Filomena McGuire
1850-1900	Prenatal Asphyxia 圍產期窒息 - Dr. So Wai Ki William 蘇偉基醫生
1850-1900	The Scientific Basis for the 2011 PALS Update 2011年兒科高級生命支援的科學 依據更新 - Dr. Alfred Hu Young
1850-1900	Management of Congenital Heart Disease in Macau 先天性心臟病在澳門的醫治 - Dr. Pan Bao Quan
1850-1900	Q&A 答問時間

Part C

Training Workshop:

Pediatric Advanced Life Support - Saturday to Sunday, 8 - 9/9/2012 (0930 - 1730) -
Center of Medical Professional Development, MUST

兒科高級生命支援培訓班:

星期六及日, 9月8 - 9日 (0930 - 1730) - 澳門科技大學專科醫療訓練中心

KEYNOTE SPEAKERS AND CHAIRPERSONS:

Dr. Alfred Hu Young | USA

Administrative Director, Congenital Heart Center (Rockford Region) Children's Hospital of Illinois, USA

Dr. So Wai Ki William 蘇偉基醫生 | HK

Past President, The Hong Kong Society for Reproductive Medicine

Dr. Henry Hui 許嘉恩醫生 | HK

Pediatric Specialist, Premier Medical Center, Hong Kong

Dr. Pan Bao Quan 潘寶全醫生 | Macau

Executive President, Macau Pediatric Society

Prof. Tim Draycott | UK

Professor, Department of Obstetrics and Gynaecology, University of Bristol, United Kingdom

Prof. Leung Tak Yeung 梁德揚教授 | HK

Professor, Department of Obstetrics and Gynaecology, The Chinese University of Hong Kong

Dr. Chan Wan Pang 陳運鵬醫生 | HK

Consultant of Obstetrics & Gynaecology Department, Princess Margaret Hospital

Prof. Simon Lam 林鴻生教授 | HK

Associate Professor, Department of Paediatrics, The Chinese University of Hong Kong

Prof. Kim Khaw 許金山教授 | HK

Associate Professor, Department of Anaesthesia & Intensive Care, The Chinese University of Hong Kong

Prof. Leung Ping, Maurice 梁平教授 | HK

World-renowned Pediatric Cardiologist & Clinical Instructor, Faculty of Health Sciences, MUST

Dr. Manson Fok 霍文遜醫生 | Macau

Dean, Faculty of Health Sciences, Macau University of Science and Technology

6th - 9th September 2012

Fórum Médico Internacional Sino-Luso (Nona Fase)

Sino-Luso International Medical Forum (Series Nine)

中葡國際醫學論壇(系列九)

Resolução de Emergências Obstétricas e Suporte Avançado de Vida Pediátrico

Practical Obstetric Multi-Professional Training (PROMPT) & Pediatric Advanced Life Support (PALS)

英國皇家婦產學會產科急救課程暨兒科高級生命支援課程

Chaired by

Macau University of Sciences and Technology:
Faculty of Health Sciences

Organized by

Macau Healthcare Management and Promotion Association
Macau Pediatric Society

Press Release

Sino-Luso International Medical Forum (Series Nine) - Practical Obstetric Multi-Professional Training (PROMPT) and Pediatric Advanced Life Support (PALS)

Fórum Médico Internacional Sino-Luso (Nona Fase) - Resolução de Emergências Obstétricas e Suporte Avançado de Vida Pediátrico

August 29, 2012

Macau's 9th Sino-Luso International Medical Forum features the PROMPT (Practical Obstetric Multi-Professional Training) workshops in Macau on 6th September. This is the first time a workshop of this caliber relating to obstetrics and gynecology has ever been hosted in Macau.

This is unique and it will help to support all maternity professionals in working effectively in a multidisciplinary manner particularly in dealing with obstetric emergency situations. The aim is to train a team of doctors, nurses, anesthetists and midwives within the realm of a delivery ward

This high quality training program has been running successfully in the USA, Australia, New Zealand and Hong Kong. We are honored to have the author of the official PROMPT course manual, Prof Tim Draycott travelling all the way from the United Kingdom to facilitate this obstetric emergency training course.

These experts will discuss the benefits of the PROMPT model in reducing harm to both mothers and babies. All medical professionals in attendance will be trained in real life scenarios with some of the latest high fidelity manikins and child birth simulators in the field.

Prof Draycott says, "I am very much looking forward to come to Macau next week and to deliver all the latest updates in many aspects of team training, our staunch supporter, Christopher Eskill, the CEO of the PROMPT maternity foundation will also be here to preside over the event."

Prof Tak Yeung Leung comments, "We are looking forward to share our experiences in PROMPT training, it is vitally important for trainees to experience practical simulated emergency drills, this simulation program teaches everyone in the maternity ward the necessary practical skills and to learn how to interact with each other effectively"

Prof Manson Fok, President of Sino-Luso International Medical Forum, says "This world class training program has improved outcomes for mothers and their babies. This has proven to reduce obstetric risk and has taught hundreds and thousands of medical professionals around the world. We are proud to have such a wonderful team of experts to provide advanced training to our local doctors and medical team."

Among the experts, we also have Associate Prof Kim Khwa and Associate Prof Simon Lam from the Chinese University of Hong Kong and Dr Chan Wan Pang, consultant Obstetrics and Gynecology department of Princess Margaret Hospital.

This 9th Sino-Luso International Medical Forum event is chaired by the Macau University of Science and Technology: Faculty of Health Sciences and organized by the Macau Healthcare Management and Promotion Association (MHMPA). It is also supported by the Ministry of Health of the People's Republic of China, as well as a list of outstanding healthcare organization and Portuguese speaking associations here in Macau.

中葡國際醫學論壇：系列八及系列九

● 芬蘭的Joeri Post教授示範模擬醫療教學器材

● 劉明與陳比利交換紀念品

● 霍文遜

● 英國的Tim Draycott教授指導英國皇家婦產學會產科急救課程

由澳門科技大學健康科學學院主持，並由澳門健康管理及促進學會統籌策劃的“中葡國際醫學論壇：系列八 - 臨床模擬醫學教育及系列九 - 英國皇家婦產學會產科急救課程暨兒科高級生命支援課程”分別於本年八月及九月期間圓滿舉行，回響空前熱烈，特此鳴謝各界友好及澳門基金會的支持。

這兩輪論壇榮幸地邀請到十多位國際級的專家來澳指導及講學，包括澳洲的Ross Horley博士、英國的Stuart Gall醫生及Tim Draycott教授、芬蘭的Joeri Post教授、美國的Alfred HuYoung醫生和香港的梁平教授及梁德揚教授等帶領的專家團隊；過百名培訓班的參加者中，除卻本澳三家醫院的醫護人員外，還包含了四十多名來自國內中國醫師協會的代表，共同研究科大健康科學學院模擬訓練中心的構建及儀器用途，從中汲取經驗，加快在內地建立“內視鏡與微創診療模擬醫學教育中心”及引進國際認可的醫療課程。此外，科大健康科學學院為了加強與本地護理學術機構的合作，於活動中特意邀請到澳門理工

學院高等衛生學校校長劉明及科系主任、老師一行十二人參加項目內的模擬培訓班，希望日後加強在護理教育的合作，為提高本澳醫護水平而共同努力。

澳門理工學院高等衛生學校校長劉明表示，醫療科技發展一日千里，學校的老師有必要不斷學習新的知識和護理技術，了解本澳的人才資源和設備資源，這次認識到科大健康科學學院有良好的模擬醫療教學設備，雙方洽談將來的合作，資源共享，共同促進本澳醫護界的發展。

科大健康科學學院院長助理陳比利介紹，模擬醫學教育方案已被國外許多醫科大學所採用，用於培養醫護人員及專科醫生，範圍涵蓋護理及專科醫學，如內窺鏡、心血管及消化系統等。較傳統培訓一對一模式，模擬醫學教育一對多優勢突顯，由於許多教授為外科手術醫生，不能經常到學院授課，模擬醫學教育則透過儀器和電腦，讓學生進行反覆練習，練習成績透過電腦及時傳送至教授，評分結果公平公正，讓教授更靈活教學指導及掌握學生情況，亦能讓學生更方便地進行醫療練習，消除過往部份練習須以真人實驗風險，大大提高日後手術

施行成功率，相信很快將會在本澳及內地流行。

學員當中的山頂醫院急診科專科醫生陳麗陽指出，就危急婦產個案而言，山頂醫院有產科急診部，主要接收一些懷孕或生產時出現的危急個案，至於急診部主要處理受外傷的孕婦，如有需要，亦會抽調婦產科醫生協助。由於處理婦產科突發情況經驗有限，院方醫護人員有必要在這方面加強培訓。

科大健康科學學院院長霍文遜表示，科大健康科學學院將逐步開設為期兩年的高級臨床醫療文憑課程，課程將邀請來自國外、港澳及內地逾百位專家學者帶教，將為本澳醫護人員提供持續專科教育，著重臨床教育配合模擬醫學練習，助學員掌握更先進國際醫療技術，授課時間靈活彈性。提供的專科專題課程，將包括血管穿刺術、體內超聲波及內窺鏡等，讓學員掌握最新的國際醫療技術，為配合課程的臨床模擬醫學教育方案，學院的模擬訓練中心添置大量高新醫療設備，讓其學員透過反覆練習掌握專業醫療技術，達至國際水平。

● 香港的梁德揚教授指導英國皇家婦產學會產科急救課程

● 理工學院高等衛生學校老師了解模擬醫療教育的優點
